Full Roll Film Scans (uncut only)

This service offers an inexpensive way to get great scans burned to CD at time of film processing. These are the same top quality scans offered in our "Individual Film Scans" service. We use the Fuji Frontier SP2000 film scanner and correct each negative / trans individually before it is scanned. Scans are saved as high quality JPEG or Tiff files and burned to CD or uploaded to the web no additional charge.

Available From:

- 35mm film
- Medium format film
(6x4.5, 6x6, 6x7, 6x9)
- Color or B&W
- Negatives or Slides / Transparencies

Options & Extras:

- CD Burn only - No Charge
- Upload to Online account only - No Charge
- Both CD Burn & Upload - add \$3.00 per roll
- Files saved as RGB Jpeg or Tiff

Film Scan Uploads

When you process and scan **full rolls** of film at McGreevy ProLab & ProPress we will upload the images **free** to your own private online account. You can immediately share these pictures with family, friends, or clients. You can download the full resolution scans directly to your home computer and even place print orders online. All this is a feature of our new OnlinePhotoCenter. It's fun, easy and extremely useful. If you need both CD burn and upload add \$3.00 per roll.

Prices are subject to change.
